SUSHI Harvesting Request Example and Institutional Codes

SUSHI harvesting is available through: <http://stats.eb.com/web/service/SushiEndpoint>

The expectation is that the above URL will only respond to a SUSHI request, otherwise the link will generate an error.

(The report definition name is DB3 and the release version is 3.)

When making the request, you will need to substitute the Institutional ID shown in the Sample request with the appropriate Institutional code listed below.

Institutional code:

Id	Name	Type	Parent
1429620	St. Lawrence College	INST	COOL
9302732	Sheridan	INST	COOL
9393150	St. Clair College Library	INST	COOL
303100	Seneca College	INST	COOL
305864	Algonquin College	INST	COOL
305869	Centennial College	INST	COOL
305871	Conestoga College	INST	COOL

305872	Confederation College	INST	COOL
305887	Humber College	INST	COOL
305897	Niagara College	INST	COOL
305920	Sault College	INST	COOL
302971	George Brown College	INST	COOL
317306	Loyalist College	INST	COOL
317309	Northern College	INST	COOL

Sample request:

```
<soapenv:Envelope
